

Mission Possible: *Kids Will Eat School Meals!*

2015 Childhood Obesity Conference
July 1, 2015; 10:30–12:00 PM

Moderator: Carol Chase Huegli
Associate Director, Nutrition Services Division,
California Department of Education

Learning Objectives

- ▶ Identify methods used to evaluate plate waste and how this information can be used to inform quality improvement.
- ▶ Identify factors in the cafeteria environment associated with increased consumption of healthy food.
- ▶ Identify the impact of the new USDA meal standards on meal consumption and future policy implications.

Overview of Today's Session
